

Fighting and Conflict Webinar Series

Whenever two people spend a significant amount of time together, anger and conflict are inevitable; however, you can choose how to handle them. GTO Marriage Ministries' *Fighting and Conflict* webinar series can help you navigate those troubled waters and achieve growth through the conflict, not destruction. You CAN honor God - and your marriage and other relationships - in how you handle fighting and conflict.

Rules of Engagement (Parts 1 and 2) give you 14 rules of fighting fair.

Breaking the Cycle of Fighting teaches you how to recognize your pattern of fighting and how to break it.

Each session is approximately 1 hour long and comes with a fill-in-the-blank listening guide to help you follow along. Our on-demand format allows you to watch whenever is convenient for you. Biblically-based teaching, punctuated by humor and real-life applications, makes these online marriage workshops effective tools in strengthening your marriage or any other relationship.
